RF Monolithics, Inc. Names Quality Vice President

Dallas, Texas (December 17, 1999) RF Monolithics, Inc. (RFM) (Nasdaq: RFMI) today announced the appointment of David T. Somerville to the position of Vice President Quality Assurance. Mr. Somerville began his career with RFM in 1991 and has been a significant part of RFM's growth while serving in various executive positions. Prior to RFM, Mr. Somerville's experience includes over 27 years of marketing, sales and manufacturing engineering experience with such companies as Engelhard Corporation and Rockwell International. Mr. Somerville stated, "RFM demonstrated its commitment to quality excellence when it sought and secured ISO9001 and QS9000 Quality Certification in February 1998. Our commitment continues to be to provide customer satisfaction in everything we do. My focus will be to insure this commitment is evident in every process and procedure through out the Company."

Mr. David M. Kirk, President and CEO, commented "I feel Dave's many years of experience, his broad knowledge of RFM's materials, processes, and products and his tenure as Vice President of Corporate Development, where he forged strategic alliances and business partnerships, makes him the ideal leader for our Quality Assurance initiatives." Mr. Kirk further commented, "Upon my appointment as President and CEO, I made a commitment to review all functional areas of this Company to insure we have the right resources in place to maximize on our opportunities. The selection of Dave as Vice President of Quality Assurance is my first action toward this end. I hope this demonstrates the Company's commitment to quality is and will always be at the top of our agenda."

RFM, headquartered in Dallas, Texas, is a leading developer, manufacturer and supplier of a broad range of radio frequency components, and modules based on surface acoustic wave technology for the automotive, computer, consumer, industrial and telecommunications, markets worldwide.

This release contains forward-looking statements that involve risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. Potential risks and uncertainties are detailed from time to time in the Company's SEC reports, including Form 10-K for the year dated august 31, 1999. The Company does not assume the obligation to update any forward-looking statements contained in this release.
